

medirferrer

An  IMCD company

**OUR
SOLUTIONS**

Beyond raw materials, beyond distribution

With a history of **over 120 years**, at Medir Ferrer we have built a legacy of excellence in the industry. We stand out for our comprehensive approach, going beyond the distribution of raw materials to offer efficient and innovative solutions in various industrial processes.

We understand the importance of innovation and adapting to industry trends. That's why we work closely with our suppliers, who are constantly developing new raw materials.

We are part of **IMCD Group**, a global leader in the distribution and formulation of ingredients and specialty chemicals. Headquartered in Rotterdam, the Netherlands, IMCD has more than 5,100 professionals and operates in over 60 countries, combining local knowledge with global expertise.

At Medir Ferrer, we have products that meet the needs of **different industry segments**:

STARCHES

Potato

Modified potato

Rice

Pea

Corn

Available in pharmaceutical grade

Modified

Fava bean

Wheat

SUGARS / SWEETENERS

Dextrose monohydrate

Available in pharmaceutical grade

Erythritol

Available in pharmaceutical grade

Fructose

Available in pharmaceutical grade

Glucose

Isomalt

Lactose

Available in pharmaceutical grade

Maltitol

Available in pharmaceutical grade

Maltodextrin

Available in pharmaceutical grade

Sorbitol

Stevia

Sucralose

Available in pharmaceutical grade

PHOSPHATES

Polyphosphates

CELLULOSES

Methylcellulose (MC)

Hydroxypropyl Methylcellulose (HPMC)

GUMS AND FIBERS

Gums

Arabic gum

Available in pharmaceutical grade

Locust bean gum

Guar Gum

Tara Gum

Xanthan gum

Available in pharmaceutical grade

Blends

Fibers

Soluble

Insoluble

LECITHINS

Refined

Canola

Sunflower
